

Symbols of Stitch

(12 sts, 14 rows = 1 pattern)

[illegible]

A 12x12 grid with a 12x12 grid of circles. The circles are arranged in a pattern that forms a large 'X' shape, with the center of the 'X' being a 4x4 square of circles. The grid is labeled with numbers 1-12 on the top and left sides.

1 2 3 4 5 6 7 8 9 10 11

Symbols of Stitch

(12 sts, 26 rows = 1 pattern)

[illegible]

Symbols of Stitch

(12th n, 18 rows = 1 pattern)

[illegible]

A 12x12 grid with a 12x12 grid of numbers 1-12 on the left and top. The grid contains a pattern of black squares forming a complex shape. The pattern is symmetric about the main diagonal. The black squares are located at positions (row, column) where (row, column) is a permutation of (1,1) through (12,12) that is symmetric about the main diagonal. The pattern is a single connected shape.

1 2 3 4 5 6 7 8 9 10 11 12

1 2 3 4 5 6 7 8 9 10 11 12

Symbols of Stitch

A black and white photograph of a knitted fabric featuring a repeating geometric pattern. The pattern consists of large diamonds arranged in a grid, with smaller star-like motifs at the intersections and within the diamond shapes. The texture of the knit is clearly visible.

(12 sts, 18 rows = 1 pattern)

A black and white photograph of a textile pattern, likely a rug or tapestry. The design is a repeating geometric motif consisting of interlocking diamonds and squares. The pattern is rendered in dark and light colors, creating a high-contrast, textured appearance. The overall effect is a complex, woven-looking texture.

SEE-THROUGH PATTERN

Outline of the See-through pattern

See-through pattern knitting is application of the Fair-Isle pattern knitting using a transparent yarn as the knitting yarn (a) and the fine yarn or medium fine yarn as the laying-in yarn (b).

Features of the See-through pattern

Although the See-through pattern is the sort of the Fair-Isle pattern knitting, part of which is made from transparent yarn and is similar to a lace pattern.

How to knit a See-through pattern

Preparation for knitting....Copy the required items from the operation chart on the operation card.

- (1) Place the K carriage at the right end of the needle bed and set each of the systems in a position as follows while watching the operation card.

Tension dial (T.D.).....1	Change knob (C.K.)MC
Holding cam lever (H.C.L.).....3	Carriage button.....both PART
Weaving button (W.B.).....N	Yarn in Feeder(Y.) Transparent yarn (T.Y.) (Nylon)
	Laying-in yarn (L.Y.) ..Thread the automatic yarn tension unit (b).

Move the K carriage from left to right to knit one row.

- (2) Depress both the right and left PART buttons simultaneously.
- (3) Shift the change lever to ▼.
- (4) Push the release lever in the pattern center to the right to open the card holder. Next, set the spare card in a position and the pattern repeat regulator at 18, then close the card holder.
- (5) Punch holes on the spare card from above the card holder by use the puncher according to the appropriate punching position for needle selection.
- (6) Set the step indicator at the starting position (the first step of the operating process).

Steps of the operating process

1. After selecting the needles using the set lever, put the laying-in yarn into the left yarn guide and move the K carriage from right to left.
 2. After selecting the needles using the set lever, put the the laying-in yarn into the right yarn guide and move the K carriage from left to right.
 3. Repeat the above process according to the operation card until the 18th step.
- * When the 18 steps are finished, the step indicator will return to the first step automatically so that you can repeat all the steps.

m transp-

A black and white photograph of a dense, repeating geometric pattern, likely a textile or paper design. The pattern consists of interlocking, stylized floral or star-like motifs, creating a complex, textured surface.

(12sts, 24 rows = 1 pattern)

(2sts, 12 rows = 1 pattern)

(Data, 18 rows = 1 pattern)

LACE PATTERN

Outline of Lace pattern

Transfer the stitch to the next needle and knit the next row in plain stitch and an opening is made in the part to which the stitch was transferred. The pattern produced by combinations of such openings is called a lace pattern.

Previously, the lace pattern used to be knit manually by using a transfer tool and it was time consuming. Since the invention of the L carriage, however, the lace pattern is easy to knit using the L carriage.

Features of a Lace pattern

Because of its beautiful texture and refreshing appearance, the lace pattern now finds application in a wide area during spring and summer. The L carriage requires no specific material be used. so that the use of the L carriage permits you to knit any type of the lace pattern easily and quickly by using any sort of yarn.

How to knit a Lace pattern

Preparation for knitting....Copy the required items from the operation chart on the operation card.

- (1) Place the K carriage at the right end of the needle bed and set each of the systems in the position as follows while referring to the operation card.
- | | |
|----------------------------------|-----------------------------------|
| Tension dial (T.D.).....4 | Change knob (C.K.)N |
| Holding cam lever (H.C.L.).....3 | Carriage button (C.B.)..... PLAIN |
| Weaving button (W.B.).....N | Yarn in Feeder (Y.)a |

- (2) Shift the change lever to Δ .
- (3) Push the release lever in the pattern center to the right to open the card holder. Next, set the pattern card in a position and the pattern repeat regulator at 24, then close the card holder.
- (4) Punch holes on the pattern card from above the card holder by use of the puncher according to the appropriate punching positions for needle selection.
- (5) Set the step indicator at the starting position (the first step of the operating process).
- (6) Fasten the handle to the L carriage (L.C.) and place the L carriage on the left side of the machine body.

Steps of the operating process

1. After selecting the needles using the set lever, operate the L carriage (L.C.) from left to right, then push the step indicating lever (S.I.L.) one step to right (Set the S.I.L. onto 2nd step). Do not knit in this step.
2. After selecting the needles using the set lever, operate the L.C. from right to left, then move the K carriage to left.
3. Move the K carriage to right.
- * Repeat the above process according to the operation card until 24th step. When the 24 steps are finished, the step indicator will return to the first step automatically so that you can repeat all the steps.

[illegible][illegible][illegible]

A 12x12 grid with a vertical line at column 10. The left side (columns 1-9) is labeled with numbers 1-12 on the left and Greek letters α through i on the right. The right side (columns 11-12) is labeled with numbers 1-12 on the left. A scatter plot of 18 points is shown on the left side of the grid.

[illegible]

A 12x36 grid for a 12x12 Latin square. The grid is divided into four 6x6 quadrants by a vertical line after column 18 and a horizontal line after row 6. The top-left quadrant contains a 6x6 grid of circles. The top-right quadrant contains a 6x6 grid of circles. The bottom-left quadrant contains a 6x6 grid of circles. The bottom-right quadrant contains a 6x6 grid of circles. The grid is labeled with numbers 1-12 on the left and 1-36 on the top.

Symbols of Stitch

6 sts, 24 rows = 1 pattern

Figure 2 is a 12x12 grid representing the evolution of a pattern over 12 time steps. The grid is divided into three vertical sections of 4 columns each. The top section (columns 1-4) shows a pattern of black and white squares. The middle section (columns 5-8) shows a pattern of black and white squares. The bottom section (columns 9-12) shows a pattern of black and white squares. The pattern evolves from left to right, with the rightmost section showing a more complex, irregular pattern.

Symbols of Stitch
(12sts, 16 rows = 1 pattern)

Figure 1 shows a 12x12 grid of symbols. The symbols are arranged in a pattern that is a Latin square, with each row and column containing a unique set of symbols. The symbols include various geometric shapes like triangles, circles, and squares, as well as some more complex symbols like a cross and a star.

WEAVING PATTERN

Outline of the Weaving pattern knitting

The weaving pattern is knitted by passing the weaving thread between the stitches. Set the change knob at the weaving thread position (T) and both weaving buttons at T and select the given needles. Then lay the weaving thread across the selected needles and move the K carriage and the weaving pattern can be knitted. The weaving thread is laid across intervals of the unselected needles alone to compose the pattern.

Features of the Weaving pattern

The weaving pattern is produced by passing the weaving thread through the stitches so that it allows any kind of material to be woven into it. Texture of the weaving pattern looks like deluxe fabric even though lacking flexibility. Because it is wrinkle resistant, the weaving pattern is popular for overcoats and street dresses.

How to knit the Weaving pattern

Preparation for knitting....Copy the required items from the operation chart on the operation card.

- (1) Place the K carriage at the right end of the needle bed and set each of the systems in a position as follows by referring to the operating card.

Tension dial (T.D.).....6	Change knob (C.K.)T
Holding cam lever (H.C.L.).....3	Carriage button (C.B.).....PLAIN
Weaving button (W.B.).....T	Yarn in Feeder (Y.)a
	Laying-in yarn (L.Y.)..... Thread the yarn (b). tension unit

- (2) Shift the Change lever to Δ .
- (3) Push the release lever in the pattern center to the right to open the card holder. Next, set the pattern card in a position and the pattern repeat regulator at 14, then close the card holder.
- (4) Punch holes on the pattern card from above the card holder using the accessory puncher according to the appropriate punching position for needle selection.
- (5) Set the step indicator at the starting position (the first step of the operating process).

Steps of the Operating process

1. After selecting the needles by use of the set lever, put the weaving thread into the left yarn guide and move the K carriage from right to left.
 2. After selecting the needles using the set lever, put the weaving thread into the right yarn guide and move the K carriage from left to right.
 3. Repeat the above process according to the operation card until the 14th step.
- ※ When the 14 steps are finished, the step indicator will return to the first step of the operating process automatically so that you can repeat all the steps.

Weaving pattern and the materials

Magic of knitting! Look at the pictures of the Weaving pattern. All of them were worked by weaving knitting using the same technique. As you see these pictures, by changing the Laying-in yarn quite different effects are obtained. Therefore following the examples included in this Knitting Pattern Book, more than hundred of different variations can be obtained by combining different types of yarn.

How to get the best effect in weaving knitting

1. We recommend using a finer yarn for basic knitting and a heavier yarn or a fancy yarn for weaving thread. This way you will get the effect of an interesting contrast and at the same time you can reduce the weight of the garment which you are making.
2. Pay special attention to the contrast of the colors of basic knitting and weaving thread. Always match them up by doing a sample piece.
3. It is necessary to set the number on the tension dial according to the weaving thread. Usually one graduation lower tension is used for weaving than for plain knitting. Do not set the tension too tight or the weaving thread may catch in the stitches formed.

Special methods for making the Weaving patterns

There are three kind of methods for Weaving pattern knitting to get the fantastic pattern.

1. Pulling up the weaving thread.
 2. Knitting by using the Latch tool.
 3. Winding the weaving thread around the selected needles.
- Knit a pattern by making reference to the Symbols of stitch.

(1) Pulling-up

Pick up 4 weaving threads which are crossing in front of 3 knit stitches and put onto the needle on the 5th row.

(2) Knitting

Work knit stitch of 5 weaving threads crossing in front of 7 stitches and put the last stitch on to the hook on the 6th row.

(3) Winding

Bring forward the selected needles to position E, and wind the weaving thread around the stem of the needles.

Diagram illustrating a 12-stitch cable pattern on a grid. The pattern consists of four rows of stitches. Row 1: 12 stitches, all knit. Row 2: 12 stitches, all purl. Row 3: 12 stitches, all knit. Row 4: 12 stitches, all purl. The pattern repeats every 4 rows. Below the grid, a legend shows symbols for knit and purl stitches. Below the legend, it says "Symbols of Stitch" and "(6 sts, 10 rows = 1 pattern)".

A coordinate grid with x and y axes ranging from 0 to 12. Points are plotted at (1, 1), (3, 1), (1, 3), (3, 3), (1, 5), (3, 5), (1, 7), (3, 7), (1, 9), and (3, 9).

A close-up photograph of a book cover. The cover features a repeating geometric pattern of raised, interlocking shapes, possibly a stylized 'W' or 'M' motif, arranged in horizontal rows. The background is a fine, dotted texture. The overall appearance is that of a woven or embossed fabric. The right edge of the image shows the spine of the book.

Diagram illustrating a cable stitch pattern on a grid. The pattern is labeled "Symbols of Stitch" and shows a sequence of stitches numbered 1 through 10. The pattern consists of a series of vertical cables and horizontal stitches. Below the grid, the text reads "6 sts. 8 rows = 1 pat".

A black and white micrograph showing a close-up of a woven fabric. The fabric has a distinct grid pattern with small, dark, rectangular openings. To the left of the fabric, there is a vertical scale bar with markings from 0 to 12. Below the scale bar, the text "(altern)" is visible.

WOVEN LACE PATTERN

Outline of the Woven lace pattern

The Woven lace pattern is a special type of pattern which is produced by combining the weaving pattern and the lace pattern. This pattern is highly complex and makes the best use of the L carriage and the weaving thread knitting system.

Features of the woven lace pattern

The woven lace pattern has outstanding features of both the weaving pattern and lace pattern in combination. It gives a special attraction in which the woven yarn appears like dots from the base of the open work. The woven lace pattern has now become popular as a fashionable pattern.

How to knit the woven lace pattern

Preparation for knitting....Copy the required items from the operation chart on the operation card.

- (1) Place the K carriage at the right end of the needle bed and set each of the systems in a position as follows by referring to the operation card.

Tension dial (T.D.).....5	Change knob (C.K.).....T
Holding cam lever (H.C.L.).....3	Carriage button (C.B.).....PLAIN
Weaving button (W.B.).....T	Yarn in Feeder (Y.).....a
	Laying-in yarn (L.Y.).....Thread the yarn tension unit (b).

- (2) Shift the change lever to Δ .
- (3) Push the release lever in the pattern center to the right to open the card holder. Next, set the pattern card in a position and the pattern repeat regulator at 24, then close the card holder.
- (4) Punch holes on the pattern card from above the card holder using the accessory puncher according to the appropriate punching position for needle selection.
- (5) Set the step indicator at the starting position (the first step of the operating process).
- (6) Fasten the handle to the L carriage and place the L carriage at the left end of the needle bed.

Steps of the operating process

1. After selecting the needles using the set lever, move the L carriage from left to right and push the step indicating lever (S.I.L.) one step to right (Set the S.I.L. onto 2nd step.).
2. After selecting the needles using the set lever, put the weaving thread into the left yarn guide and move the K carriage from right to left.
3. Remove the weaving thread from the yarn guide and move the K carriage from left to right.
4. Move the K carriage from right to left.
5. After selecting the needles using the set lever, move the L carriage from left to right and push the S.I.L. one step to right (onto 6th step.)
6. After selecting the needles using the set lever, put the weaving thread into the right yarn guide and move the K carriage from left to right.
7. Remove the weaving thread from the yarn guide and move the K carriage from right to left.
8. Move the K carriage from left to right.
9. After selecting the needles using the set lever, move the L carriage from left to right and push the S.I.L. one step to right (onto 10th step.)

Repeat the above process according to the operation card until 24th step. When the 24 steps are finished, the Step indicator will return to the first step automatically so that you can repeat all the steps.

Figure 1 shows a 12x12 grid representing a Latin square. The grid is labeled with numbers 1 through 12 on both the top and left sides. Each cell in the grid contains a circle with a number inside, representing a permutation of the numbers 1 to 12. The arrangement is such that each row and column contains exactly one of each number, forming a valid Latin square.

[illegible]

A grid with a horizontal axis labeled 1 to 32 and a vertical axis labeled 1 to 11. A diamond symbol is located at the intersection of column 1 and row 7. A series of circles are plotted at the following coordinates (column, row): (10, 1), (10, 2), (20, 2), (20, 3), (20, 4), (20, 5), (20, 6), (20, 7), (20, 8), (20, 9), (20, 10), (20, 11), (10, 1), (10, 2), (10, 3), (10, 4), (10, 5), (10, 6), (10, 7), (10, 8), (10, 9), (10, 10), (10, 11), (10, 12), (10, 13), (10, 14), (10, 15), (10, 16), (10, 17), (10, 18), (10, 19), (10, 20), (10, 21), (10, 22), (10, 23), (10, 24), (10, 25), (10, 26), (10, 27), (10, 28), (10, 29), (10, 30), (10, 31), (10, 32).

Diagram showing 11 symbols of stitch on a grid. The symbols are: 1. A vertical line with a small circle at the top. 2. A vertical line with a small circle at the bottom. 3. A vertical line with a small circle in the middle. 4. A vertical line with a small circle at the top and bottom. 5. A vertical line with a small circle at the top and bottom, and a small circle in the middle. 6. A vertical line with a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom. 7. A vertical line with a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle. 8. A vertical line with a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom. 9. A vertical line with a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle. 10. A vertical line with a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom. 11. A vertical line with a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle, and a small circle at the top and bottom, and a small circle in the middle.
